This story is about a young 19 years old boy, Nitin. He went to visit his Mother's Village, **Premapur**, for the first time with his mother where he encounters some heavenly experiences. Was it real or a delusion of his teenage mind? Let's find out in the story.

Hello guys, I am Nitin, a 19 years old guy, live with my mom in Delhi. Her name is Nisha. Her age is around 42 years and have a slight chubby body with a short height. She is a fully devoted housewife. My father died due to heart attack. He worked at an established company, so we got a 3 BHK apartment from his company as compensation and around 50k per month. So, you can say we are in a pretty good condition.

After I complete my 12th board exams, my mother suggested that we should visit her village as she wanted to meet her family. Without giving a second thought, I agreed to it because I didn't visit her village before. The next day, we packed our bags and booked our trains. We departed from the house at around 10 in the morning and reached at 6 in the evening. We first took a train and then a bus. It was not too dark as we reached the village. The name of the village was Premapur. It was located at a very deserted area. It was a quiet and rural village which is very far from the nearest town. A few bus services were only available. As we entered the village, a weird sensation gets through my body and I was shivered. We were walking towards the village as there was no one to receive us. I saw a bunch of young girls bathing near a pond and they were fully naked. I was just staring at them and suddenly a girl noticed me and gave a creepy smiled at me. I was just confused but didn't care that much.

After walking for 10 mins, I saw a huge bungalow in front of me. My mother said-

Nisha: Look Nitin beta, this is our grandfather's house.

Me(shocked): Are you sure this is your house?

Nisha: Yes beta...

Me: No way... but how is a house so big in a village like this?

Nisha: Your grandpa was the chief of this village and now your mama is...

Me: Wow mom this is so cool... Let's go

We knocked at the door. A young little girl of around 16 years opened the door and asked-

Girl: Who are you and what do you want?

Nisha: I am Nisha, the daughter of this house. Nimmi must have told you about me.

Girl: O yes ma'am, please come in...

We went inside and there was a man of around 35 years of age and a woman of around 30 years, standing right in front of me. I was unable to recognise them. My mother introduced them to me "He is your mama. He's name is Niraj. And this your mami, her name is Vanshika but we called her as Nimmi". As I hugged my mama and mami, I cried with joy. They laughed at me and consoled me. My mama and mami then went to my mother and touched her feet for blessings. Then they took us to our room. It was a quite large room for me and my mom with a double sized luxury bed and an attached bathroom. I was amazed to see such a luxury. After the introduction they left us and said to have dinner after got freshen up. I told mom that "How do they are this rich and I didn't know about it?". She told "Do you like it?". I replied "Yes!!! If I have been told to live here for my entire life I would". She laughed and said to change my clothes up. I went and got showered and dressed myself up. Then, my mother went in and got herself ready.

After a while, we went to the living room and there was mami, sitting on the couch and watching TV. A maid of around 30 years of age, was massaging her shoulders. As, mami saw us entering the room, she immediately stopped the maid and told her to go. We went and sat beside mami. She looked very much happy. She asked mom about her life and then she asked me about my studies. My mami instructed me to come closer and landed a kiss on my cheek. I also gave her a kiss on cheek. It didn't bother me as I brought up at a place like Delhi where these things are pretty normal. We talked for a bit and then my mami told us to have dinner. We went to the dining room and sat on the chair. My mami shouted to call Mama. He came after some time. I noticed an old lady in her mid-40s, came with mama. Their faces were red like cherry with gasping and sweating all around. Mama came to the room with fixing his pajama. He sat beside me and started to eat without saying anything. He was eating so fast that I can't believe with my eyes. After he ate, he went to the room and he told that massaging maid to come along with him. She went with mama. I smelled something suspicious and I looked at my mami. She was enjoying her food without noticed anything so I thought everything was fine.

After we finished having dinner, I told my mom and mami that I was feeling very tired and was going to sleep. They said Good Night and went to the bedroom to talk. As I was walking towards my room, I heard a feminine voice, shouting and moaning at the same time. I was scared and surprised to hear that and I followed the sound. It was coming from the other end of the house. I went in front of a door but it was locked. So I tried to peek through the keyhole and succeed. I went to see what's going on there and was shocked to see that view. My mama was fucking that massaging lady. I went crazy after I saw that. I could clearly remember that my mama was pounding the maid in doggy-style by holding her hairs and cursing her constantly with strong words. I also saw that a black leather band was tied up to her neck and the maid was crying but I didn't know whether in joy or pain. She shouted like "Fuck me master, fuck me sir... Fuck your bitch and give her your tasty juice". Mama was holding her waist as she was trying to get off. After a while, the maid said "I am cumming sir" and mama loosened the grip on her. She squirted all over mama's body and he got really angry. He bought a belt and started to spank her ass. She cried with joy. Then mama stopped and made her on the knees. He started stroking his cock and soon after cummed all over her face. Mama ordered the maid to lick it off to her face. I got too hard after seeing this and quickly went to my room. I went to the bathroom and masturbated while imagining that scene. I was so relaxed after that and laid on the bed but didn't get to sleep. There were so many thoughts in my mind. Why was mama having sex with a maid? Did mami know about all of these? If yes, then why did she allowed him to do such things? What if they too involved my mom into those traps? Is this really happening to me? I was very confused. There were so many questions in my mind which I had to figure out. I somehow managed to sleep that night.
